

AWARD-WINNING KITCHENS

Sublime Architectural Interiors boldly states the future is now with its stunning concept kitchen on display at the showroom of industry partner Electronic Living. The award-winning kitchen features automated systems by Linak and the latest in Caesarstone finishes, integrated appliances and LED lighting.

At its concept studio in Sumner Park in Brisbane, Sublime Architectural Interiors presents the latest in lighting and storage solutions for kitchen and living zones. Also on display is a full range of Caesarstone and Laminex finishes and Blum hardware.

Professional designers develop each scheme in consultation with the client. Colour selections are then represented in visuals using the latest 3D design software before clients commit to the project.

Principal designer Kim Duffin is a Certified Kitchen and Bathroom Designer with more than 20 years' experience and is one of Australia's most awarded kitchen and bathroom designers. He is a dual recipient of Australian Kitchen Designer awarded by the Housing Industry Association (HIA), and dual recipient of awards by the

Kitchen and Bathroom Designers Institute (KBDI).

Known as the "Innovator" in his field, Kim pushes the boundaries with every design. He tours Europe every two years to update his knowledge of the latest trends in design, materials and manufacturing techniques.

Sublime Architectural Interiors offers clients a seamless experience from design through to manufacture, project management and installation of each kitchen and prides itself on quality workmanship. In just seven years, the company has won more than 60 industry awards for kitchens it have delivered for satisfied clients. Recent awards include the 2012 HIA Australian Kitchen of the Year and Australian Kitchen Design of the Year presented at the Australian Housing Awards in May 2012.

Sublime Architectural Interiors understands that confidence and peace of mind are what every home owner needs when they engage a kitchen designer and manufacturer. After all, a new kitchen or kitchen renovation is a major investment in the heart of any home.
